

## REAL ESTATE BLUEPRINT

This is the first step in your journey to learn about real estate investing. 6 modules, with step by step training and skills development at the end of each module.

Take your time in completing each module and tackle the assignments at the end, before proceeding to the next module.

## BUSINESS GROWTH TRAINING

This part of the training is designed to clarify certain areas of real estate investing and provide in depth understanding of "how to," additional tips and strategies.

A new Business Growth Training online class will be provided each month. Complete the Real Estate Blueprint first before adding this part of the training.

## GROUP CALLS

General Group Coaching Calls with Q&A and Mindset Breakthrough Calls are important for your understanding and support in your journey as a real estate investor.

During these calls we will talk about additional strategies, mindset and answer any questions you might have about real estate or personal development.
